2023 CHAPTER PROGRAMS & EVENTS

OBJECTIVE: CONSOLIDATING PROFESSIONALS COLLABORATION

In addition to the values that we created in 2020, we were able to bring our professionalism to the facade through national engagement in 2021. We identified the key success factor in collaboration with IT professionals for greater success in 2022. Now, we are consolidating the professional relationships to enhance an informed society through support for sustainable, technology and professional IT services in Nigeria.
